ABOUT

Computer Science student at Al-Shorouk Academy with a strong interest in Front-End and Full-Stack Development. Currently developing my skills through the Digital Egypt Pioneers Initiative (DEPI), with hands-on learning in HTML, CSS, JavaScript, English, and Soft Skills. I also have a foundation in C++, C#, Python, and SQL, along with academic project experience in Web Programming and System Analysis & Design. I am a motivated and fast learner seeking to continuously improve my technical skills and gain practical experience in software development.n

EDUCATION

Bachelor of Computer Science ***2024 – 2028 (Expected)***

Al-Shorouk Academy, Cairo, Egypt

Major: Computer Science

GPA: 3.07

COURES & CERTIFICATES

Digital Egypt Pioneers Initiative (DEPI) — ***(Ongoing)***
Front-End Development: HTML5, CSS3 & JavaScript &typeScript
English Language & Soft Skills

SKILLS

Programming Languages: C++, C#, Python, JavaScript

Languages: Arabic (Native), English

PROJECTS

Medical Clinic Management System

System Analysis & Design Project:
- Analyzed operational challenges in a medical clinic, including data overlap and inventory management issues.
- Designed a proposed system to organize clinic data and improve inventory management.
- Applied system analysis and design concepts to define requirements and develop the proposed solution.

Gym Website

Web Programming Project:
- Designed and developed a simple gym website using HTML5, CSS3, and JavaScript.
- Used basic Bootstrap components for layout and styling.
- Focused on creating a clean and user-friendly web interface.
